

Neighborhood Evacuated Due to Gas Leak

An Egypt park neighborhood was evacuated on Tuesday, August 4th after a report of a gas leak on King's Way. A call came in at approximately 12:23 p.m. reporting the incident. Scituate Police and Scituate Fire personnel responded and found that a gas line had been ruptured inside a home during the course of removing an old gas dryer. The neighborhood was cordoned off and residents in the area were evacuated from their homes. Fire Department personnel found an outside gas shutoff and stopped the flow into the residence. Bay State Gas and National Grid arrived to shut off the utilities to the house. The scene was cleared at approximately 1:43 p.m.
